

# CURRICULUM VITAE | LYNDSEY DEATON, PHD, RA, AICP, PMP, LEED GA

---

Educated as an architect, planner, and urban researcher, Lyndsey Deaton is principally an urbanist, whose specialty is the study of policies, the urban design of public space, and community health. As a peer-reviewed measure of significance, Lyndsey's research with adolescents received the Environmental Design Research Association's *Great Places Award for Research* and the Architecture Research Center's Consortium *King Medal for Research Excellence*.

Pedagogically, Dr. Deaton teaches a range of courses spanning lectures, studios, and seminars. At Clemson University, she is an Assistant Professor of Architecture within the Architecture + Health NAAB-accredited graduate program. She also teaches professionals at the U.S. Army Corps of Engineers (USACE) Learning Center, an accredited higher education institution.

Dr. Deaton firmly believes in the benefits to her students of practicing as a Senior Architect and Planner at The Urban Collaborative LLC, an international planning and architecture firm. Over her career, she has worked on 70+ master plans, 20+ architectural designs, 50+ policies and codes all with diverse communities across six continents receiving 21 awards. She started her career in healthcare design with Gresham, Smith, and Partners and then transitioned into project engineering, most notably for the USACE Martin Army Medical Center (\$389M). She has continued in healthcare and laboratory design with notable customers such as the National Institute of Standards and Technology (NIST) and the National Aeronautics and Space Administration (NASA).

## FOREIGN TRAVEL

Foreign travel is included here as a separate category because of its general importance, independent of other specific research or professional purposes, to my main fields of interest: cities, urban design, and public space. My exposure to diverse cultures and environments provides an awareness that influences my teaching & research style.
